

# Medical Technology in Hungary

The Hungarian MedTech sector is one of the fastest growing industries in Hungary with a growth rate of

**243%** since 2010.

**Did you know?**

The Hungarian MedTech sector comprises of more than **97%** SMEs.

**22**

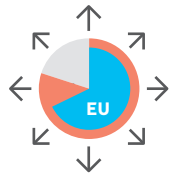

FDI related projects (2014-2025) resulted in

**745 M** investment &

**4,200** new jobs

**Hungarian MedTech sector is one of the most dynamically growing among the sectors**

## Top foreign investors in the Hungarian medtech sector

over **88%** export ratio

**68%** to EU countries

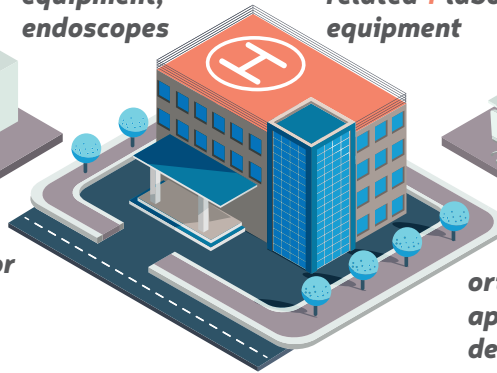

## Main export products – Focus areas

medical imaging

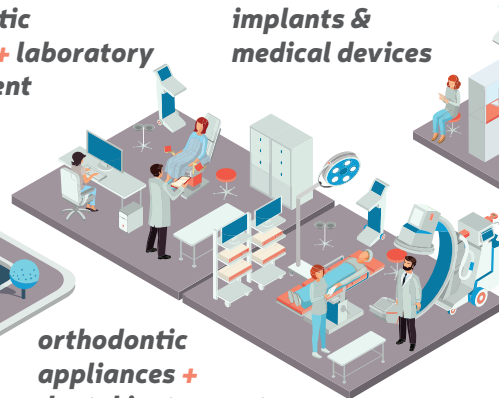

electrical & biosensor devices + IT services

dialysis equipment, endoscopes

diagnostic related + laboratory equipment

orthodontic appliances + dental instruments

implants & medical devices

surgical equipment and tools

Medical Imaging Export: **€ 48.57M**

Electrical & Biosensor Devices & IT Services Export: **€ 3.94M**

Dialysis Equipment, Endoscopes Export: **€ 58.5M**

Diagnostic Related & Laboratory Equipment Export: **€ 58.5M**

Orthodontic Appliances & Dental Instruments: **€ 4.76M**

Implants & Medical Devices Export: **€ 30.1M**

## 100 years of innovation in Hungary

Philips established X-ray factory and also domestic manufacturers produced medical devices

Medical Aids Factory played significant role in patient's rehabilitation

Large number of new SMEs and world companies settle down

**10%** of all medtech enterprises are engaged in export-driven, advanced manufacturing

**1910s**

**1920-'30s**

**1940s**

**1960s**

**1980s**

**1990s**

**2000s**

**2020s**

Industrial scale manufacturing of X-ray machines

Medicor Művek with 14,000 employees, prepared 450 types of equipment becoming the 3rd largest medtech company globally

Hungary became the "medtech specialist" in CEE

Innovative startups enter the market

Manufacturer of Orthopaedic and Traumatologic Products

**SIEMENS Healthineers**

**Specsavers**

**77 ELEKTRONIKA**

**KEDRION BIOPHARMA**

## R&D concentrated around 4 major cities with medical universities

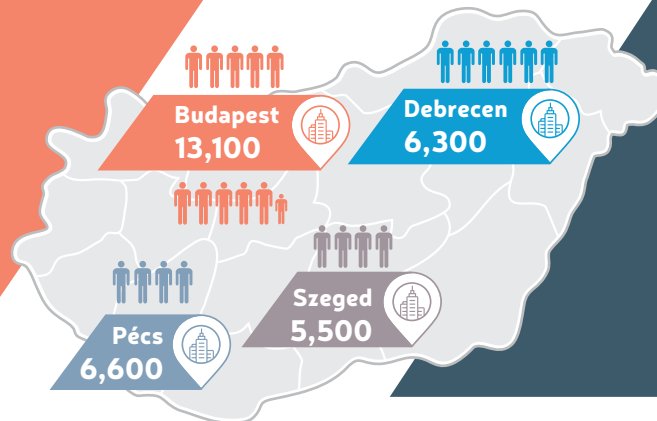

### Knowledge & Research centres

#### Budapest

- medical materials science
- mathematical modelling of biological signals,
- biomedical engineering
- medical imaging

### Number of university students in the field of healthcare

#### Szeged

- medical imaging
- medical applications of VR and AR
- medical AI

#### Pécs

- bioinformatics and data science
- molecular biology
- neuroscience

#### Debrecen

- biotechnology
- molecular biology
- neuroscience

**hipa**

**The Hungarian Investment Promotion Agency** offers one-stop-shop management consultancy services providing tailor-made information packages and incentives for companies interested in investing in Hungary.

#### Location selection

Access to information on investment sites, labour market, taxation, business environment, local suppliers and more.

#### Incentives

First-hand information on the full range of incentives, end-to-end management of the VIP cash subsidy system.

#### Business development

Identification and development of local suppliers, mediation between business and government, policy proposals to improve the business environment.
